

COUNCILLORS and residents turn out for the superb Captured through Time Exhibition, recently ended in New Cumnock

# NEW CUMNOCK NEWS

**THE Captured Through Time exhibition exploring New Cumnock's changing landscape captivated the crowds at the projects reception.**

Residents and dignitaries turned out to view the photos, artwork, memories, maps and artefacts that make up the village's history.

The stunning exhibition was split into five categories called Discovering Nature; Sounds of New Cumnock; Changing Landscapes; Changing Climate; and Family Life, and include wildlife photography, bird song, and the influence of mining in the area.

The Liaison Group and Community Council would like to say a big thanks to Natalie Fleming of Coalfield Environment Initiative for the superb show.
